

**1 PCR RADIO TRAY**

- 3x8mm**
-  ..... **3**
  -  ..... **1**
  -  ..... **1**

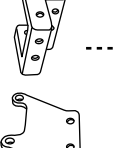

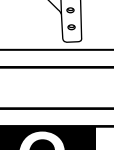

**4 PCR RADIO TRAY**

Note: Steering servo may need to be adjusted with 4mm spacers accordingly, depending on servo brand.

Note: Depending on servo brand, edge on servo mounts may need to be trimmed to allow steering servo to mount flush.

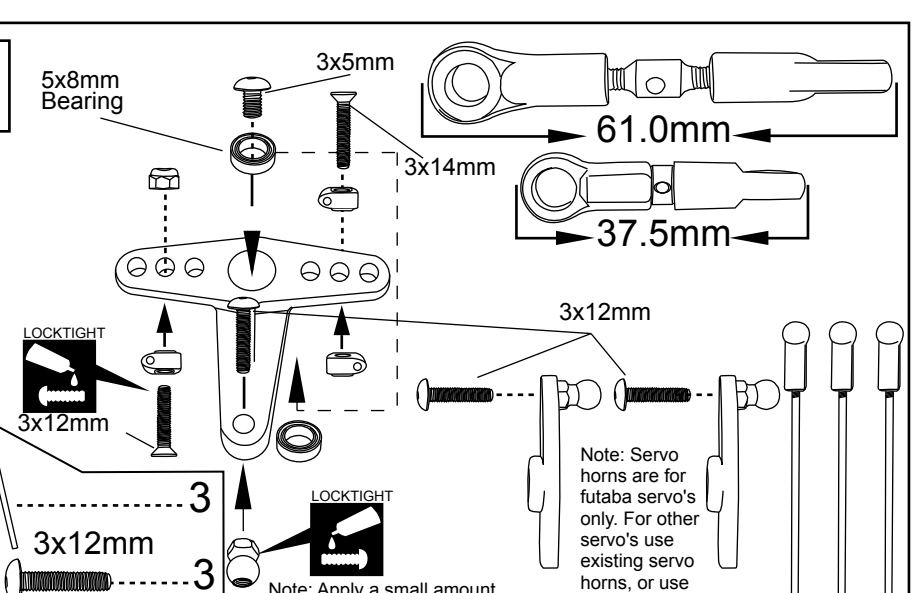

**2 PCR RADIO TRAY**

- 3x10mm SCREWS**
-  ..... **7**
  -  ..... **1**
  -  ..... **1**
  -  ..... **1**

**5 PCR RADIO TRAY**

-  ..... **1**
-  ..... **1**
-  ..... **2**
-  ..... **3**
-  ..... **3**
-  ..... **2**
-  ..... **3**
-  ..... **1**
-  ..... **1**
-  ..... **1**
-  ..... **1**
-  ..... **2**
-  ..... **3**
-  ..... **3**

**3 PCR RADIO TRAY**

- 3x10mm SCREWS**
-  ..... **8**
  -  ..... **4**

Note: Do not use metal grommet inserts when mounting servo's. 4mm spacers may not be needed depending on servo brand. See Fig.4 for steering servo position.

**6 PCR RADIO TRAY**
